Purushottam Naykude

Computer Science Engineer

PROFILE

I am a dedicated professional with a strong interest in industrial automation, focused on delivering high-quality work and optimizing processes. My goal is to solve complex problems and drive innovation for the benefit of the company. Motivated by challenges, I thrive in a globally competitive environment.

PROJECTS

Configuration Management
- **Automate the configuration of a server using Ansible**
- **Tech: Docker, Ansible, YAML, VMware, git and github, alpinelinux os**
- **Key Features: Automated Software Installation, Scalable Server Configuration, Monitoring Resource Management ⚙**

Sign Language Recognition
- **Developed innovative system using Python and TensorFlow**
- **Enhances communication for hearing-impaired**
- **Tech: Python, TensorFlow, OpenCV, MediaPipe**
- **Key Features: Real-time Gesture Recognition, User-friendly Interface, Continuous Learning 📈**

EXPREINCE

- **Prodevans Technologies Bengalore - intern 6 months**
  - Explored Linux related solutions and Rhel 9.0. system administrator certification. overview of virtualization technologies

- **Organizations**
  OYSTER CODE CLUB (RIT)
  - A student club dedicated to coding and other coding-related extracurricular activities

EDUCATION BACKGROUND

RAJARAMBAPU INSTITUTE OF TECHNOLOGY, RAJARAMNAGAR 415414
(Pursuing). B-Tech Degree in Computer Science & Engineering 2020-2024

A.D.JOSHI COLLEGE JULE SOLAPUR, SOLAPUR
IHSC Maharashtra state board with 70.10% and 92.32% in mht Cet 2018-2020

YASHWANT VIDYALAYA BHOSE (K), PANDHARPUR
SSC Maharashtra State Board with 90.60% Completed in acadamic year 2019-2020 2016-2018

CERTIFICATIONS AND EXTRACURRICULAR

- Certifications - Microsoft certified Azure Fundamentals, RHCSA, RHCE, DBMS Springboard
- Solved 370+ DSA coding problems on leetcode (3*)
- Actively participated in multiple events and gained valuable experience as a coordinator. Engaged as a member of diverse clubs including Drama, Coding, and Entrepreneurship, fostering creativity and collaboration.
- Contributed as an active committee member in college, actively involved in decision-making processes and improving the student experience.

Technical Skills

- Java, JDBC
- Data Structures and Algorithms
- DBMS (SQL)
- Linux CLI, Ansible automation
- Cloud Computing, CN, OS
- github, docker

SKILLS

- Problem Solving / Critical Thinking. Attention to detail.
- Team Work and Leadership
- Receptive to Learning
- Adaptability and flexiblility
- Presentation

Interests

- Traveling
- Music, Video games
- DSA
- Attending Events

language proficiency

- English
- Marathi
- Hindi
